ABOUT MULTIWEBX

Multiwebx is a company providing Enterprise IT solutions helping clients shift to new business models using disruptive technologies. Our proven domain experience, technical expertise and in-depth knowledge of latest industry trends empower us to build innovative enterprise solutions..

A timeline of the actions leading up to the Journey

2011

Our company started with two person's initiative to provide better digital products and solutions. Starting from scratch in 2011, they built up the company brick by brick.

2013

After sustainable growth in 2013, we introduced application development service (.Net and Java). During this period, our self-starter

2015

In 2015 after enjoying another period of growth, we decided to take on Mobile & Web application development and introduced it into our repertoire. We added another 10 people to our team, growing to 20 people strong.

2017

In the 2 years after, we experienced substantial growth and in 2017 had over 35 people employed. We had to increase our office space to 2 times its previous size and included a Table Tennis room so our employees could relax

2019

We are currently anticipating our move into a 2500 square foot pre-owned office in 2019. Who knows how big our team will grow or what challenges we'll be taking on next ...

As a strategic partner, we will determine the right combination of technologies for your business-from the tech that exists today to the emerging tech of tomorrow. We drive change in our clients' businesses and processes by providing a greater degree of flexibility and measurable value & results.
